Quickly Deploy Esri's Utility Focused Solutions

## ArcGIS Online or Portal for ArcGIS Jumpstart

Whether your organization is just getting started with ArcGIS Online/Portal for ArcGIS or you're looking to extend the use by adding new users, maps, and apps, Swova is here to help. Swova is an Esri ArcGIS Online Specialty provider and can align this new technology pattern with the needs of your organization. We can make you successful, giving people better access to authoritative content than ever before, leading to smarter decisions.

Our ArcGIS Online and Portal for ArcGIS jumpstart services include:

- Setup, configuration and support of the Organization
- Graphic design and branding including organization landing page and template graphics for services, maps, apps and groups
- Overview of configuring and deploying mobile (including offline workflows) and web app templates
- Knowledge transfer to administrators and end users for continued success and quicker adoption

Swova Services for Utilities can be offered remote or onsite. Please ask a Swova representative to discuss pricing and service details. Contact Swova at [info@swova.com](mailto:info@swova.com) or 859.813.5153 to learn more about how we can support your ArcGIS Solution Maps and Apps needs.
